Long KPTZ Spots feature name and location of business, including value-neutral description of products or services, and close with contact information or website.

Short KPTZ Spots contain name, location and brief location of business, closing with contact information or website. One script for the duration of the contract.

Spot Placement in KPTZ's daily schedule, and the number of times it airs each week, can be requested by the underwriter and will be assigned based on availability of underwriting slots.
