Be a part of KPTZ!

Our achievements in broadcasting are made possible by the support of our community.

It’s a win-win opportunity. By supporting the station you help provide volunteer powered, listener supported, community radio 24/7, while simultaneously increasing awareness for your nonprofit organization through on-air messages that identify and inform listeners about your mission.

Why radio?
At home, in transit, in town, or deep in the country — radio is an immediate, unique, and universally effective communications technology.

Introduction to Enhanced Public Service Announcements

Noncommerical community radio station KPTZ offers the opportunity to purchase Enhanced Public Service Announcements (EPSAs). In compliance with FCC regulations, these featured campaigns are available to qualified nonprofit organizations.

- **KPTZ EPSAs are vehicles to air organization driven messaging** about Fundraisers, Lectures, Events, Concerts, Gala’s, Workshops, and your local nonprofit’s Mission.

- **KPTZ EPSAs are recorded and produced**, either 30 or 60 seconds long.

- **Lengthier than KPTZ’s 20-second Business Underwriting spots**, the added time allows for more detail. Background music is included.

- **Recorded announcements are scheduled for broadcast**, at guaranteed air times.

- **The FCC does not place the same restrictions on promotional language** as it does on standard underwriting. Language requirements are simply restricted by guidelines prohibiting reference to prices, also no “calls to action” (e.g., Buy this, Come down).

- **KPTZ will work with your nonprofit organization** to determine the timing and frequency for scheduling the message, optimizing availability.
KPTZ Audience Tie Ins — Values and Demographics

KPTZ is a community radio station. Our audience composition reflects our listeners, donors and volunteers who are of diverse ages and backgrounds, different beliefs and political persuasions. 

KPTZ’s listenership represents a cross section of life in our community.

Thanks to our current donor base and volunteers, we know our supporters to be creative, bright achievers and opinion leaders. They are community-minded individuals, who tune in for information, arts and culture. In addition, KPTZ’s broadcast signal reaches the many visitors to the area. With our 24/7 online streaming, we have listeners across the country and around the globe, extending KPTZ’s voice far beyond the region.

On KPTZ your nonprofit organization will not have to compete for the attention of a listener already bombarded by a long stream of advertisements. Your message will be heard, in an uncluttered audio presentation.

KPTZ is the first noncommercial, full power radio station serving the northeast Olympic Peninsula, with a potential broadcast audience exceeding 50,000 listeners. The station’s 91.9FM signal reaches many communities:

- **East:** Whidbey Island, Edmonds, Lynnwood and parts of Seattle
- **West:** Discovery Bay and Sequim, Port Angeles, and beyond
- **South:** Chimacum, Port Ludlow, Coyle, Quilcene and into Kitsap
- **North:** San Juan Islands, Vancouver and Victoria, BC
- **AND worldwide,** thanks to our online streaming capability!

EPSA Price Options

Rate is $25 each for 30-second spots and $40 each for 60-second spots

KPTZ EPSA Script Guidelines

KPTZ’s marketing coordinator will help you construct your message, adhering to KPTZ guidelines. Your message will be heard and well received by the station’s loyal listeners.

When you are talking to attentive people, there is no need to make strong claims — just give them the pertinent facts, and the presentation is much like a thoughtful conversation between people.
